

Alen Kurian Joseph

React Developer

Kannur | alenkurian23@gmail.com | +91 8943503267 | linkedin.com/alenkurian | github.com/alenkurian

SUMMARY

Enthusiastic B.Tech Computer Science graduate with hands-on experience as a React Developer. Skilled in building dynamic and responsive user interfaces using React.js, Redux, and modern JavaScript. Experienced in integrating RESTful APIs and working with backend technologies like Node.js, Express.js, and MongoDB. Passionate about creating scalable web applications and continuously improving frontend performance and user experience.

Experience

MERN Stack Intern, Luminar Technolab - Kakkanad

July 2025 – Feb 2026

- Developed responsive web interfaces using React.js, JavaScript, and Tailwind/Bootstrap, enhancing performance and usability while collaborating via Git/GitHub in Agile teams.
- Built and maintained RESTful APIs using Node.js, Express.js, and MongoDB for secure data storage and backend functionality, contributing to timely project delivery and efficient issue resolution.

Projects

HostHub - Event Management and Ticket Booking Platform

github.io/HostHub

- Developed a full-stack MERN event management application using React.js, Node.js, Express.js, and MongoDB with JWT authentication, role-based authorization (Admin, Organizer, User), and RESTful API architecture.
- Integrated Stripe payment gateway for secure online ticket booking, implemented checkout session handling, digital ticket generation with QR codes, and booking persistence in MongoDB.
- Built dynamic admin and organizer dashboards with event approval workflow, real-time booking updates, protected routes, state management, and responsive UI using Tailwind CSS and modern React Hooks.

Restaurant Table Booking Web Application — React and Firebase

github.io/Restaurant

- Developed a full-stack restaurant reservation system with user authentication, restaurant browsing, and table booking based on preferred date and time.
- Built an admin/owner panel to manage restaurants, tables, and booking schedules with real-time updates.
- Integrated Firebase Authentication and Cloud Firestore to securely store user, restaurant, and booking data for scalable performance.

Education

B-Tech in Computer Science and Engineering, KTU University

Nov 2021 – Apr 2025

Vimal Jyothi Engineering College, Kannur, Kerala

SKILLS

Programming Languages: C, HTML, CSS, Javascript

Libraries and Framework: React.js, Node.js, Express.js, MongoDB, Bootstrap, Tailwind CSS, REST API, GitHub

Soft Skills: Problem-solving, Team collaboration, Time management, Adaptability and Quick learning

Languages: Malayalam, English, Hindi, Tamil
